## ProVia Entry Door Tax Credit Certification

This manufacturer's certification statement provides the documentation needed to receive an energy tax credit for ProVia Entry Doors as defined by the *American Recovery and Reinvestment Act of 2009*. To see a complete list of qualified products, go to our website link: [www.proviadoor.com/taxcredits](http://www.proviadoor.com/taxcredits)

### How to Qualify for the 2009 - 2010 Tax Credit:

1. Purchase and install qualifying products beginning January 1, 2009 through December 31, 2010. Tax credit is for cost of product only - it does not include installation costs. Tax credit is for taxpayer's principal residence only.
2. Must have this Manufacturer's Certification Statement to qualify - it is a signed statement from us certifying that the product or component listed below qualifies for 2009-2010 tax credits. Taxpayer must keep a copy of this certification statement and purchase receipts for their records, but do not have to submit a copy with their tax return.
3. Tax credit is 30% of product cost or a maximum amount of \$1,500.00 in 2009 and 2010.
4. Improvements made in 2009 will be claimed on your 2009 taxes (filed by April 15, 2010) using the IRS Tax Form 5695 (2009 version) - it will be available late 2009 or early 2010.

### Manufacturer's Certification Statement

ProVia Door certifies that all ProVia Entry Door models listed in this statement are eligible building envelope components for the 2009-2010 tax credits listed under the *American Recovery and Reinvestment Act of 2009*.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
